Century Of Work For The Sacred Heart To Be Celebrated

From Humble Beginning

The Brothers of the Sacred Heart is a Religious Society devoted to the Christian Education of youth. These men give their lives for Christ by teaching boys and young men in the Elementary and High Schools and by devoting their lives to the care of orphans.

ORIGIN AND SPREAD

This Congregation was founded at Lyons, France, in 1821. Since that time, it has spread to many parts of the world. At present, the Brothers of the Sacred Heart are found in France, Italy, Spain, Belgium, Canada and the United States. These Brothers also conduct Mission Schools in Syria, Madagascar, South America, Haiti, Central and South Africa. This Community numbers more than 3000 members.

AMERICA

The first courageous group of Brothers of the Sacred Heart left France and arrived in Mobile, Alabama in January 1847. Their first duty was to take care of the orphans of Mobile. The beginning was very difficult. These men had to learn a new language, change their method of teaching and adopt new customs in a new country. However, they persevered and today they have charge of that same Catholic Orphanage.

A few years later, the real trials came. It was a period of disease, Civil War, Reconstruction and lack of vocations. In spite of these difficulties and in face of such discouragement, these good Brothers carried on Catholic Education in the South.

CANADA

Despite the shortage of men, this Community sent a few men to Canada in 1875. Today, Canada is the most prosperous part of the Institute. The Canadian Provinces numbers about half of all the Brothers of the Sacred Heart.

TODAY

Schools conducted by the Brothers of the Sacred Heart in the South are: Catholic Boys Home and McGill Institute, Mobile, Alabama; Saint Stanislaus College ,Bay St. Louis; D'Evereax Hall, Natchez, St. Aloysius High School, Vicksburg, Mississippi; St. Aloysius High, New Orleans; Catholic High, Baton Rouge; Thibodaux College, Thibodaux; Catholic High, Donaldsonville; Menard Memorial, Alexandria, Louisiana; St. Joseph's Prep, Muskogee, Oklahoma.

ON THE MISSIONS

Besides the fifteen schools in the United States, this Province conducts several in Foreign Mission Countries. The first was opened at Gulu, Uganda, Central Africa in 1931. The second was opened in 1940, at Nyapea, Uganda, Central Africa. This Fall, another will be opened at Okaru, Anglo-Egyptian Sudan, Africa. These Mission Schools accept boys for Junior and Senior High School Classes. These Brothers also help the Missionary Priests by teaching in the Native Seminaries and Teacher Training Centers.

FUTURE PLANS

The Brothers of the Sacred Heart have several projects in view; a new high school in New Orleans; one in New York City, a new House of Studies for their Scholastice, and plans for new buildings at their Novitiate in Metuchen.

Condolence

The faculty and student body take this opportunity to extend their deepest sympathy to Bro. Romuald and the members of his family on the death of his mother. We promise to remember her in our prayers.

SUPERIOR GENERAL WILL BE PRESENT

Rev. Brother Albertinus, S. C., Superior General of the Brothers of the Sacred Heart, arrived in New York on April 4th, in order to be present for the grand celebrations commemorating the 100th anniversary of the arrival of the first Brothers of this Society in the U. S. A.

Bro. Albertinus spent many years in America before being elected Superior General of the Society. He arrived from France in 1903 and during his stay in this Province, he served as teacher, Master of Novices and Provincial Superior. As teacher, he spent some years in the South. At one time he was stationed at St. Vincent's, in Mobile. In 1912, he became Master of Novices, which position he held until 1922 when he was appointed Provincial Superior of the U. S. A. Province. He was re-appointed Provincial Superior for three terms and in 1931 was named Assistant General of the Congregation. In 1937, he was elected Superior General of the Society. In 1937 he was re-elected Superior General. He is still head of the Community, having been re-elected in The General Chapter held in October 1946.

After the Centennial Celebrations, Brother Albertinus will begin his canonical visitation of the schools in the United States taught by the Brothers of the Sacred Heart.

HIGH LIGHTS OF OUR SCHOOL

St. Stanislaus College was opened June 1854. Because of its beauty, fine climate and excellent teaching, boarders soon flocked to it from New Orleans and the Sugar Plantations of Louisiana.

At first only a few wooden structures constituted the college. However in 1867 a virulent epidemic of Yellow Fever visited the Bay and the school had to be closed.

In the very same year the school was given a charter by the Mississippi Legislature under the title of St. Stanislaus Commercial College. In the early days the Brothers did all the work, cooking, tailoring, infirmaring, gardening, janitoring, etc.

In 1888 a company dug two artesian wells on the property. These wells had force enough to send water to the second floor and thus the era of plumbing for the college was begun.

In 1893 a terrible storm visited Bay St. Louis. All the wharves and bathhouses were blown down. The College front was ruined. Only the roofs of the College Buildings were damaged. After the storm, a retaining wall of brick and rock ballast was built behind the old piling. Also a stronger and higher wharf.

This school was a great advertisement for the city and was a means of bringing money into the town. The Brothers established a free school at their own expense for the education of the poor children of the Bay.

A DEDICATION

IN the name of the Rock-A-Chaw Staff and the Stanislaus Student Body of nineteen hundred and forty seven, I wish to dedicate this issue to all the Brothers of the Sacred Heart and especially to those who have labored here in St. Stanislaus. There is little we can do to compensate them, as their reward is a heavenly one.

A hundred years ago the first Brothers of the Sacred Heart arrived in the United States to do the work of God, instructing and counseling boys just like ourselves. These men have dedicated their entire lives so that others can have the wonderful opportunity of attending a Catholic school, grow up in Catholic company and surroundings and obtaining a thorough Catholic Education.

As the United States grew, so did the order of the Brothers. At present they have schools in practically every section of this country and in foreign countries. They have been a success!

Imagine how many souls are in heaven today as a result of the Brothers' century of work.

We are proud to be under those of whom Our Lord said, "Greater love than this no man hath, who gives up his life for his fellow men."—ARMAND GUITERREZ.

Rambling Review

The pool room is in the process of being repaired. The workmen have plastered the wall that burned and have put in all new windows and a new floor. It won't be long before we will be able to go in and enjoy ourselves in a leisurely game of billiards . . . This is the centennial of the Brothers of the Sacred Heart. It commemorates the time that the Brothers have been in this country. An Essay contest has been held in all of the schools conducted by the Brothers. The winners from this school were Lucien Gex and Clayton Barre. Congratulations. Congratulations also go to the other boys whose essays were judged best in their respective classes . . . The band is out every day for marching practice in preparation for the state band contest in Jackson. The members are working hard on the marching and also the concert so that they might capture a superior rating in both of these events while there. All of the students are hoping that these high ratings will become a reality . . . The Easter holidays are over and some of the students are finding it pretty hard to get back into the swing of school work after a week off. Even though the holidays are over we still have the tests. They start Tuesday. Oh, Brother! . . . Let everyone try to make his best marks in this the fifth six weeks tests, it may not be too late . . It won't be long now until the old familiar strains of the "Graduation March" sound out and the Seniors will become Alumni. Oh, Happy Day! . . . Once again we can go to the show on Wednesday, Lent is over. Most of the resolutions were kept well, we think . . . The band has returned from its trip to Columbia where it presented a concert which met with the enjoyment of all who attended . . . Brother Linus went to another convention. OH, UNHAPPY DAY! He left work to be done by all of his classes. He certainly fooled us. In Russia when something like that happens they say, "TUFF" . . . The winners of the recently held elocution contest were Buddy Laughlin, Fernin Farrell, and Jack Carter. Congratulations . . . Congratulations also to the members of the boxing team who participated in the recent tournament held at Bay High. They showed real sportsmanship in every bout . . . A graduate of Stanislaus recently visited his alma mater, he is a very distinguished priest, Father Ignatius Fabacher. He graduated in '28 . . . The evening concerts in the office not only provide music but also drama, Macbeth . . . Believe it or not, only six more weeks of school.

In the small clearing of bush and grass, stood a mud and wattle hut with a grass roof. In this Chapel, Father W. spends one week every three months to instruct the people and administer the sacraments.

On this particular visitation, he was annoyed by a prowling leopard. So, this good missionary decided to set a trap and put an end to the nightly gallavanting animal. The cook, who always accompanies the priest was told of the plan and instructed to awaken the priest if any noise was heard during the night.

That very night, the misisonary was brought out of his deep slumber by wild cries. Both he and his servant quickly snatched up clubs and ran towards the trapped leopard. What should happen as Father W. approached the animal but that it pulled itself free of the trap and sprang for the priest! The priest had enough presence of mind to reach up and grab the leopard's lower jaw and pull the lips over the teeth, as many people do to dogs, to keep it from burying it fangs in his throat. Then, he shouted to his servent to club the beast. The native did not hesitate. With a terrific thrust, he let the club descend; but at that very moment the wrestlers rolled and the priest received the full charge on his own head. The priest was knocked unconscious and the animal leaped free and went to the grass. A poor, bewildered native, not knowing what to do, carried the missionary to a nearby dispensary and put him to bed. The next morning when the priest awoke, the nurse asked him why there was so much blood on the sheets since the cut on his head was so small. As the priest, reached to feel his head the mystery was solved. Two fingers were missing from his right hand. The leopard had bitten them off the night before. After spending a few weeks in the hospital the priest was again able to continue his missionary work.

JUBILEE HYMN

Let us lift our voices in Jubilee praise
To the Lord of all love, to the God of all power;
Let the skies re-echo to sound of our lays,
In proclaiming our thanks in this glorious hour.

Dedication Chorus
Oh Sacred Heart, we plight to Thee
Our honor, health and liberty;
Oh Sacred Heart, we vow to Thee
Our life, our faith, our worship free;
Oh Sacred Heart, we pledge to Thee
Our all in loving loyalty.
Christus regnat! Christus imperat!

Oh what shall we render to the Heart of our God,
For all the blessings received in this century of years;
For the joys, for the sorrows, the hardships we trod
In the winepress of service mid smiles and mid tears?
(Chorus)

Humbly, adoring, most sorrowfully we bend,
While abasing our hearts in repentance profound,
Our great frailties, O Lord, we contritely amend;
In Thy mercy, O Lord, let Thy graces abound.
(Chorus)

Oh, Thy fields are so white and Thy laborers few;
Come the storm and the blight, and the harvest is lost.
Oh, dear Heart of Our Lord be abundance Try due
In the fruit of the laborers who count not the cost.
(Chorus)

Then, exultant great praise to Thy glorious Name;
May our hearts to Thy Will forever incline;
May the fire of Thy heart, our cold hearts inflame;
Oh great Lord God of hosts, love and honor be Thine.
(Chorus)

TRIBUTE TO JUNIOR BASKETEERS

We, the students of St. Stanislaus, think it only just and proper to take this occasion to pay tribute to the members of the 1947 edition of the Rock-A-Chaw Junior Basketball team because of their outstanding sportsmanship, splendid record, and fine spirit. Although they were somewhat overlooked due to the success of the varsity, again and again, week after week, they turned in win after win. Now well-seasoned backers of St. Stanislaus can look to a wealth of material coming up to the varsity for next year's team from this skillful group. R. F. LeBlanc, with his sharp shooting, and "Dutch" Kenning, J. D. Abadie, Frank Johnson, and Bob McClure with their well coordinated defense made the season most successful, for a total of thirteen wins to three hard fought losses. Gary Gilmore and Broox Holmes gave the example in the line of strict compliance to the training rules that are necessary to have a winning team.

Each time that they were defeated, they showed excellent response to the careful tutoring of Coach Brother Flavian and came back the following week into the win column. The earnestness and sincerity with which this group met their obstacles will forever live in the memory of we who witnessed their many triumphs.

ARRIVED AT LAST!

BAND PREPARES FOR CONCERT

(Morris Nelson)

The Saint Stanislaus Band returned from Columbia after presenting a very successful concert which was enjoyed by all who attended. The numbers on the program were greatly enjoyed by the audience especially the novelty number "Komik Tatoo" in which the entire band walked off the stage as the director called them back. It went over in a big way because no one knew what was happening or what was supposed to happen during the course of this number.

Another selection on the program was the required contest number for our band, "Vogue." This number was rendered very well with a few unnoticable mistakes. There were two solos with band accompaniment, and also a clarinet duet with band accompaniment.

The main numbers on the program were recorded by a friend of Brother Romuald and were replayed so that the boys could listen for their individual mistakes and the parts of the different selections that really needed work. The records included the contest number and all of the other selections except the clarinet duel. The recorder was so interested in listening to it that he didn't think about recording it.

The band is now practicing extremely hard on the music and the marching for the State Band Contest to be held in Jackson, Mississippi during the week of April twenty-first. Our band will leave sometime in that week. All of the contest will be held on the same day. The concert contest will be in the afternoon following the sight reading which will most probably be in the morning. That night the band will have its marching contest at Bailey Senior High School Field.

This year for the first time in quite a few years the bands of our size will be compelled to enter a sight reading contest. The rating given by the judge on this will lower the rating of concert one degree if the concert rating is above the rating for sight reading.

SPRING PRACTICE IS OVER

(Tony Carter)

As a finale to spring football, the varsity was divided into two evenly matched groups for a scrimmage to stimulate game conditions. The game was very successful in that it gave the new prospects a chance to show what they had. At the close of the past season it was feared that there would not be enough weight on the team for the coming season, but from the looks of the game Saturday there will be plenty of "Beef" on the Rock Squad when the leaves begin to turn.

Teams were divided by the coaches and each team chose its own Captain, who in turn chose the team's name. Spurgeon Lachaussee was chosen Captain of the "Plungers" and Ray Benvenutti was chosen Captain of the "Rockets."

The "Plungers" overcame a six-point half time deficit to make a startling comeback in the closing minutes of the ball game to edge out the "Rockets" 12 to 6.

The two captains distinguished themselves by their play. Benvenutti's pass catching and defensive play were superb, and Lachaussee's line plunges and line backing were just this side of the "Doc" himself.

The "Rockets" tally was made by Buddy "Don't Humphrey" Laughlin on a thrilling fifty yard sprint. This was the only score in the first half.

The "Plungers'" first touchdown was made by Fernon Farrell on a pass from Bud Laurent, and the second by Lachaussee's center buck.

The "Plungers" kickoff struck one of the opposing linemen and bounced back into the hands of Lachaussee who made a nice runback setting up the final and winning tally for the "Plungers."

ATTENDED MEETING

REV. BROTHER LINUS, S. C.

The National Catholic Educational Association held its forty-fourth annual meeting in Boston, Massachusetts, April 7th to 11th. Brother Linus attended as the representative of Saint Stanislaus.

The theme of the convention was "Catholic Education in the post war world." The secondary school department had several vital topics discussed and reviewed by outstanding educators from the different parts of the country. Among these topics were, "Religion, the Soul of the Catholic Secondary School Curriculum," "Religion and Human Freedom, discussing the indoctrinating of pupils wtih the recognition of human rights and Christian Democracy as opposed to Communism"; "the Labor Encyllcals and the Catholic Secondary Schools," and "Delinquency as a Challenge to Our Catholic High School."

The President General of the Association, Most Rev. John T. McNicholas, O. P., Archbishop of Cincinnati, addressed the delegates as well as his Excellency, Most Rev. Richard J. Cushing, D. D., Archbishop of Boston and host to the meeting.

The principal religious service for the opening day of the convention was the delegates' attendance at a Solemn Pontifical Mass in the Cathedral of the Holy Cross. On the following night, there was a public meeting in the Boston Symphony Hall, which featured an address by Most Rev. Richard J. Cushing. Another feature of the meeting was a concert by the Symphony Orchestra with Leo Litwin, nationally known musician, conducting, and at which Miss Jessica Dragonette, celebrated opera and concert artist was soloist.

Exhibits featuring the latest innovations and improvements in schools and educational equipment were displayed by the nation's leading commercial firms as a feature of the meeting.

Other representatives from the Brothers of the Sacred Heart schools were Rev. Brother Gilbert, S. C., Provincial of the United States province; Brother William, S. C., from St. Joseph's Normal School in Metuchen, N. J., former president of Saint Stanislaus, and Brother Gerald, S. C., principal of McGill Institute, Mobile, Alabama and Brother Alexis, S. C., of St. Joseph's Normal School, Metuchen, N. J., both former vice-presidents of St. Stanislaus, and also, Brothers from various schools in the Eastern States.

ORCHESTRA

(Norbert Carnovale)

On the night of March 22 nd, the orchestra journeyed to Gulf Park College to play for an annual sorority dance held on the campus. On arriving, the orchestra set up their equipment and began playing on schedule. The opening number was "Moonlight Serenade," which was repeated several times as the couples entered the hall and commenced to dance. The dancers wished music on the soft, sweet side, so Brother Romuald had to keep us tuned down to the "Guy Lombardo" versions. Later during the dance we picked up tempo on "Coax Me a Little Bit," but other than that, our music remained strictly commercial. The dance was closed at 11:30 with "Full Moon and Empty Arms," our theme song.

When our band recently visited Columbia, the orchestra was invited to play for a Lion's Club luncheon at a leading hotel in Columbia. A representative from the local radio station asked Brother Romuald if he could put the orchestra on the air for a short time that day. Unfortunately Brother could not accept this nice offer because of lack of time.

Arthur "Toby" Scafide and Bernard "Buck" Farr have been elected to the offices of president and vice-president of our organization, respectively. These boys have charge of calling rehearsals and all the other responsibilities contracted with a school orchestra. "Toby" plays tenor sax and "Buck" plays baritone sax. Both boys have been in the orchestra for two years.

Special compliments should go to Zeke Carter (he plays piano), who having entered the orchestra only this year, has made a marvelous improvement in such a short time. If you don't believe me, ask Zeke to play his favorite, "Temptation," for you.

Brother Romuald is seeing that we have the best of equipment. Proof of that is the fact that he just bought a bass fiddle for the use of the orchestra. As yet no one has tried playing it except J. H. Bonck, who played it in the prize winning "Combo," which you heard in the recent Amateur Hour. Incidentally, all the members of this "Combo" are in the orchestra.

I guess this about rounds up the news on the orchestra for this time. When you have a chance, wander up to the music hall and see YOUR orchestra in action.
